				Total		16.94 Acre

Brief description of the proposed Project:-

Dhuri drain originally outfall into Kotla branch. Later on water from Dhuri Drain was diverted into Sahoke drain with mutual consent of villagers. In the year 2008, villagers of village Lohakhera approached the Hon'ble Court for the closure of this drain because the land was under their ownership. In 2009, the Hon'ble court decided to run the drain after giving compensation to the villagers but villagers cultivated the drain area as well. After the flood like situation in 2015, District Administration directed to resume the drain and provide relief to villagers. Following which a case was prepared for land acquisition and again some villagers of Lohakhera filed a case in the Sangrur District Court in 2016-17 against the department to stop the process of land acquisition. The Hon'ble court decided in favour of Drainage Department to excavate the drain on 22/08/22. As per the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act 2013, there is a requirement for Social Impact Assessment as carried out by Independent notified agencies.

The Protest area and the effected areas:-

Village Harigarh & Bhure of distt. Barnala and village Lohakhera of distt. Sangrur of above said Khasra nos. comprising of total land 16.94 Acre (10.87+6.07).

The date of completion of SIA:-

180 days (After Allotment)

Chandigarh
The 8th December, 2022

KRISHAN KUMAR, IAS
Principal Secretary to the Government of Punjab
